Carriage of SART's on board Zodiac inflatable liferafts  
IMO MSC. 134 (76)

Zodiac International has successfully carried drop tests for inflatable liferafts in order to comply with the new MSC. 134(76).

Liferafts have been drop tested with the following SART's :

- |                             |                         |
|-----------------------------|-------------------------|
| #1 - Manufacturer ACR       | Model Pathfinder 3 SART |
| #2 - Manufacturer Mac Murdo | Model S4                |

The two above mentioned SART's have been found suitable for installation on Zodiac Inflatable liferafts for RoRo passengers vessels.

- 6 persons Throw over Self Righting
- 25 persons Throw over Self Righting
